

UNITED TO CHRIST

ROMANS 6:1-14

Can we talk or think too much about God's grace? Why or why not?

Read through Roman 6:1-10. What are the truths of the gospel here in vs. 1-10? (remember that there are no commands)

What does it mean to have our relationship with sin and death fundamentally changed? Do you feel dead to sin?

How does our Union/association with Christ change who we are?

What do vs. 11 through 14 tell us to do?

How can we put these commands into practice?

When you think about your life right now, how is this useful?
