

THE GREAT PRAYER

**GIVE US THIS DAY OUR DAILY BREAD
MATTHEW 6:11**

GROW YOUR UNDERSTANDING

- How do you feel about asking God for things? How do you determine what to commit to prayer versus things you just plan for?
- How does it change the context of Jesus' requests when he asks for provision for 'us' together? Are your requests for generally just you? Or do you think of others, too?
- Why do you think that Jesus teaches us to just ask for provision for one day? Why not ask for more? Can you think of an instance in the Bible where people were instructed to gather God's provision daily? What did that teach them?
- How would your life look different if you lived with a constant dependence on God? What holds you back from doing that?

GROW YOUR PRACTICE

With your Community Group . . .

- Share with your group a concern or worry about something that you need? Be open and honest. Take some time together to pray for those needs. Continue to pray for each other regarding these issues throughout the week. And followup next week.

On your own . . .

- Ask God to help you see His kingdom and will in the midst of your needs. Ask Him what that might look like. Be open to the answer that He will provide.
